To Whom it my concern

We have been dealing with Craig from Fair Dinkum Fencing for over 5 years now, and the quality, service and knowing when they give you a price, that they will stick to it. If we have any issues with a fence, [which we rarely do] I just give Craig a call and he is more than happy to sort the problem out, straight away. I often are asked, by our clients, for someone to do their fences at the completion of their houses, and I have no problem recommending Fair Dinkum Fencing.
